Canadian

EDUCATION

2019
GPA 4.18

Haaga-Helia
University of Applied Sciences
Bachelor of Business Information Technology

EXPERIENCE

06/19 - Present

RecRight - MobileCV Oy

Junior Software Developer

Researched and implemented a framework that allowed users to create and customize email templates. Launched a feature that allowed users to give feedback and rate their experiences with the app. Wrote and designed documentation for the app's REST API (*HTML5, CSS3, ES6, React, Redux, Node.js, Express, MongoDB*).

01/19 - 06/19

RecRight - MobileCV Oy

Software Developer Trainee

Learned how to collaborate on a development team by using Git version control. Developed unit and integration tests, and fixed minor bugs on the app (*Jest, Enzyme*).

01/09 - 07/17

Canadian Forces
Government of Canada

Human Resources Administrator

Handled recruitment and release administration. Maintained pay systems and payroll accounting. Conducted general administrative services for members of the Canadian Forces and Government of Canada employees.

ACCOMPLISHMENTS

Teacher's assistant / tutor for the Orientation to Software Engineering and Java Programming courses at my school.

Winner of the Code in the Dark event at the Junction Hackathon in Aalto University.

Active volunteer at a group home for people with disabilities in Rastila.
